Hi Dan and Maribeth,  
How are you both? Maribeth, I know you are getting ready to retire soon. I wish you the very best.

Prior to our draft permit decision for the Commercial scale Florence Copper Project, we are providing an early copy of the draft UIC Permit for your review and comment. If you have any comments, please provide comments to EPA by December 3, 2021. We are also providing this early copy of the draft Permit to the Gila River Indian Community and Florence Copper, Inc. I will provide access to the Appendices at a shared onedrive link that I'm sending in a separate email.

I'm on leave next week. If you have any questions while I'm out, please contact David Albright or our EPA attorney, Dusty Minor. I will be back on November 29, 2021.  
Thanks, Nancy
